PRIMO is prime!

The TECCO:BOOK series is a prime product:

Prime Quality:

The TECCO:BOOK is of handmade book binder quality made in Germany, covered with a satin carbon leather in a calf-leather-look. The extraordinary quality is characterised by the accurately fitting of the paper, spine and covers and the first grade TECCO:PHOTO papers.

Prime Pricing:

The great price-performance ratio has been achieved by volume production. In combination with the 25 sheet refill pack of the satin TECCO:PHOTO SGD250 DUO Semigloss or the matt TECCO:PHOTO PFR200 DUO (perfect FineArt media in look-and-feel) these sets are available at incomparable prices.

Prime Seller:

The TECCO:BOOK series PRIMO is available immediately and offers you an uncomplicated entry into the new generation of photo books with economical prices. Use the PRIMO series to experience the creation of the new photo book generation. In the spirit of "Print your own" you can increase your profits considerably.

SELEZIONE is selection!

The TECCO:BOOK series SELEZIONE is the best choice any time:

Best choice in quality:

In difference to the PRIMO series, SELEZIONE is strictly individual - and hand-made by a German master book binder. This offers the best construction, accuracy and longevity of this unique product (Covers – spine – paper) combined in one book.

Best choice in price:

Although an individual, master crafted custom made solution, we have achieved a superb price point. In combination with our TECCO:PHOTO paper refill packs (each 25 sheets) including 2 sheets of glassine paper and 2 test sheets you can provide your clients "an all-inclusive-offer."

Best choice in variety:

Seven cover-colours, two formats, two TECCO:PHOTO paper grades. With these components you are able to create nearly 30 styles of TECCO:BOOK. Additionally you can choose between twelve different fonts for impressive blocking and four types of window apertures. If you add the twenty-four colour-tints of the linen for the inside of the covers it's possible to create, believe it or not, 32,256 different types of TECCO:BOOK. No limits, we think: Diversity and Individuality!

Best choice in sales:

The TECCO:BOOK series SELEZIONE needs no stock holding. Consult with your client-configure the style- order. Competent selling, without pressures of stock, or budgets. Any combination available – only an order away!
